MORE THAN A NEWSPAPER --- A COMMUNITY SERVICE

VOL. LIX—No. 46

Grimsby, Ontario, Thursday, May 25th, 1944.

\$2.00 Per Year. \$2.50 In U.S.A., 5c Per Copy

A GREAT SHOWING BY SCHOOL CADETS

PRIDE OF PUDDICOMBE MANOR

Isn't she a darling? She is Winona Princess, the royally bred three months' old Hereford heifer donated to the Cigarette Fund, by Jack Puddicombe, the Mayor of Winona. This little baby is just money in the bank for whoever wins her in the big draw. If it is a town slicker that is the lucky one, there is a ready market for her, as several farmers have signified their intention of laying down on the line to get her. If a farmer hits the jackpot, then he has made a wonderful addition to his cattle herd. Tickets are 25 cents a piece, five for a dollar and can be purchased in any store in Grimsby. Get yours now and you might be the future owner of "Kammy's Kow."

FLT.-LIEUT. ANDERSON, D. F. M. HOME FROM OVERSEAS SERVICE

Enlisted in May, 1940 — Was Member Of First All-Canadian Bomber Squadron — Visited Best Known Targets In Germany.

BORN IN GRIMSBY

Helped To Send Sub. To Bottom Off Coast Of Spain — Was Responsible For High Standard Of Flight Engineers.

After four years of service Flight-Lieut. Hugh J. Anderson, D.F.M., returned home on Saturday morning. A former Grimsby boy, son of Margaret Beamer Anderson and the late Harry C. Anderson, he is now visiting with his mother in Hamilton. The young officer was a member of the first all-Canadian bomber squadron overseas and wears the ribbon of the Distinguished Flying Medal for many exploits on missions over Germany.

Born in Grimsby 32 years ago Hugh attended Grimsby schools (Continued on Page 7)

Reported Missing On Valleyfield

Surgeon-Lieut. Clarence E. Irvine, R.C.N.V.R., of Timmins, and Grimsby, reported missing in the sinking of H.M.C.S. Valleyfield in the north Atlantic, is a son of Mr. and Mrs. Norman Irvine, 26 Oak street, Grimsby, and a brother of (Continued on page 7)

Wounded In Italy

Sgt. Edric N. Lockhart, son of N. J. M. Lockhart, M.P. for Lincoln, and Mrs. Lockhart, who was wounded in Italy a week ago Sunday and is recovering in hospital. Word of the casualty was received in St. Catharines by his parents on Friday. Sgt. Lockhart was serving with an anti-aircraft battery, the same battery in which Sgt. "Pop" McCartney, the Rummer, boys, Gordon Tremaine, L/Edr. Jack Sutherland and other Grimsby lads are in. This boy was named "Edric" after Mayor Edric S. Johnson.

Grimsby Man Has Important Job

Seven Ontario officers are members of G5, Civil Affairs, as the new section of Gen. Eisenhower's Supreme Headquarters Allied Expeditionary Force is called.

A Grimsby boy is one of the appointees, he being Major Scott, son of Bedford H. and Mrs. Scott, Grimsby Beach.

Their job is to help restore normal civilian life in liberated parts of Hitler's Europe and establish military government in Germany. They will go in detachments with combat units.

Large Gathering Of Citizens Witness Marvellous Performance At Annual Inspection Of Corps — Bugle Band Is The Surprise Package.

WELL TRAINED UNITS

Girls' Company The Cynosure Of All Eyes — Lovely Ceremony At Flag Pole — Col. W. W. Johnson Takes The Salute.

With a snap and a swing that would do credit to many a military organization, Grimsby High School Cadets and Girls' company presented a wonderful show at the school grounds on Monday night, at the annual inspection of the Corps.

Under Cadet Major Andrew Fulton the Cadets showed the excellent training that they have received from Cadet Instructor Capt. P. V. Smith, as did the Girls' Company under the command of Company Commander Alice Neale.

Previous to the march past the uniforms and equipment of the corps were inspected by Inspection Officer Capt. R. Q. Sands of Toronto, Assistant District Cadet Officer of M.D. No. 2, who found everything in excellent order.

The Cadets and girls were particularly smart as they marched past the saluting base where Grimsby's Own Col. W. W. Johnson, Commandant of the Northern Area, took The Salute. He was accompanied by Lt.-Col. H. G. Merrow of St. Catharines, Officer Commanding the Lincoln and Welland Regt. Reserve, with which the Cadets are affiliated.

While the Cadets drew forth many compliments from the large gathering of citizens present on their fine showing, still the Girls' Company was the cynosure of all eyes. Smart and snappy and flawless in their drill, the lassies in their trim uniforms of white blouses with red sash, blue skirts and red bobby socks with low heel (Continued on page 8)

Premier Drew Is Grimsby Visitor

Accompanied By Ministers Of Cabinet And Their Ladies They Partake Of Village Inn Viands.

Grimsby was graced with the presence of Premier and Mrs. George Drew for a brief period of time on Tuesday night last, when the Ontario Leader and his party stopped at the Village Inn for one of that hostelerie's famous dinners.

In the entourage were Minister of Agriculture Thos. L. Kennedy and Mrs. Kennedy; Minister of Labor Charles Daley and Mrs. Daley; Mrs. Leslie M. Blackwell, wife of the Attorney-General Hon. George Dunbar and Mrs. Dunbar; Ontario's new Minister of Rehabilitation and Reconstruction, Dana Porter and Mrs. Porter and Hon. W. G. Thompson, Minister of Lands and Forests and Mrs. Thompson.

Will Open Show

Ontario's veteran Minister of Agriculture, Thomas L. Kennedy, will officiate at the opening of the Blossom Time Horse Show to be held on the farm of E. H. Cudney, 50 Road, Winona on Saturday afternoon and evening, May 27th.

Proceeds from which will go to War Charities and Jam for Britain. A grand drawing for a fine Shetland Pony is being conducted and as a second drawing a saddle and bridle is offered. This show promises to be one of the best ever held in the district as horses from all the best stables in Ontario have been entered in the various classes.

MAKING SURVEY FOR NEW WATER SUPPLY

"THEM WAS THE GOOD DAYS"

In the moving picture world Hy Bessie, columnist on the "Canadian Film Weekly" is looked upon as the Dean of the profession. Last week in his column "Flashbacks" his subject was Grimsby's Own Bessie Kinsey Moore. Here is what Hy had to say:

Flashbacks ran into a marked difference of opinion recently. The Grimsby Independent, a lively newspaper of that flowery Ontario place of habitation, reported the remarks of Mayor Edric S. Johnson on the subject of Mrs. Bessie Kinsey Moore, operator of Moore's Theatre, and one of two lady raiders of the Canadian Picture Pioneers.

The mayor, speaking particularly of the trials and struggles that Mrs. Moore has gone through in her long management of the theatre, said that "during all those struggles and through the depression, she never lost an opportunity to do good or to help someone less fortunate than herself."

The Grimsby Independent, not to be outdone by Mayor Johnson, wrote that "Mrs. Moore has become an institution in Grimsby. Since the day she first assumed the managerial mantle her one thought has always been for the betterment of Grimsby. She has always been a close supporter of the kids and there are dozens of boys overseas today who can attest to the kindness shown them as kids and since then as servicemen, by this lady."

Where does the difference of opinion come in? That involves taking sides against Mrs. Moore, which is not really an ungallant thing to do. You see, Mrs. Moore being Mrs. Moore, when asked about the fuss being made about her, answered, "I think my good friends of Grimsby have me highly over-rated."

Gentlemen, will you join us against Mrs. Moore's opinion? What set off these verbal fireworks in celebration of Mrs. Moore as a person and a citizen was the fact that the Lions Club, meeting at Grimsby Village Inn, had selected her to receive their Good Citizenship Medal, an annual award made by impartial judges after nominations of a general nature are received. The mayor pinned the medal on Mrs. Moore and in the days that followed many congratulations arrived because of the popular choice made.

Thirty-four years have raced, strolled and stumbled by since Mrs. Moore first came to Grimsby and for 27 of them she has been a theatre manager. They were eventful years but the story of Bessie Kinsey Moore and show business began before that.

(Continued on page 7)

The Navy League of Canada is again holding its tag day on Sat., June 3. We live in peace in the community while our brothers, fathers and sons bear the brunt of battle not only on the sea, but also on land and in the air and it is our duty to support every effort, in order to strengthen their morale so that the victory may be ours and not Hitler's. The taggers for the Navy League in this community will feel that they have performed noble and patriotic service if every citizen gives them the support which they need at this time. Let us rise to this task and carry on the noble traditions of Lord Nelson who said so many years ago, "End expects that every man this day will do his duty."

Winona And Saltfleet Residents From Lincoln County Line To Stop 69 Desirous Of Having Water Supply And Adequate Fire Protection.

POST WAR PLAN

Present Water System Of E. D. Smith and Sons Would Form Nucleus Of New System — Would Supply Residents Of No. 8 Highway Only.

If present plans work out the citizens of Winona and all that portion of Saltfleet township, bordering on No. 8 Highway, from the Lincoln county line to Stop 69, will in the very near future, or immediately after the war, have a waterworks system.

Harvey Walker, working in conjunction with the Winona branch of the Canadian Legion, part of their rehabilitation and reconstruction plan, has been making a survey of all this territory and while nothing of a definite nature has been arrived at, the prospects for this water supply being obtained are very bright.

At the present time the firm of E. D. Smith and Sons have a pumping plant at the lake, at the foot of Glover's Road. They have a pipe line from the lake to their factory on the Highway which supplies water to the factory and all other buildings and houses of the firm as well as providing adequate fire protection. They also have a fairly large reservoir on the mountainside.

This plant is available as the nucleus for a new water works system. If this system is constructed larger pumps and pressure filters would be installed at the lake. A six inch main would be built from the Lincoln county line to Stop 69 and would provide water and fire protection for the 50 odd houses on the survey at Stop 69, as well as all residences between the two points.

At the present time no other section of the district other than that portion along No. 8 Highway are figured in the survey. If constructed the new system would be built on the frontage basis the same as the systems in North Grimsby. All told there are about 200 householders in this territory that are potential water users, not only for household purposes but for land irrigation, as well as the great amount of water that the Smith factory would consume.

Artificial Flowers Buy Cigarettes

Lady At The Beach Makes The Flowers And Jewson's Store Sells Them — \$51.44 Collected In May.

Capt. Eric Bull, writing to The Independent from overseas, says "Cammy" Millard sure is doing a grand job with the Cigarette Fund. He must have an inside line with the postal people as his cigarettes always seem to arrive at a time when mail is short. When mail is short, so are cigarettes."

There you are folks, that just shows you how the boys over there appreciate the cigarettes that your money buys. Keep up the good work.

Mrs. Clark of Grimsby Beach has been giving the Cigarette Fund a great boost. She makes beautiful artificial flowers which she donates to the fund. These flowers are sold at Jewson's store at the Beach and last month \$4 was realized from their sale.

The cigarette fund collections for April were:-

Store boxes	\$31.39
Mrs. A.	1.00
Sale of Flowers	4.00
B. G.	3.50
Eastern Star	5.00
Lipsett Apples	6.55
	\$51.44

FACTS & FANCIES

Frank Fairborn, Jr.

NEW ORDERS FOR OLD

When the wily "uncle" in the story of Aladdin went crying through the streets of Bagdad, "New Lamps for Old," his motive was not an altruistic one. He was not particularly interested in supplying poor people with a new means of illumination. He was, in fact, looking for an old lamp for which he was willing to give away his whole stock of new ones.

Today there are many "uncles" crying through the world, "New Orders for Old," and they all claim to have something better than the existing order of things. But they are not looking for the "magic lamp," for each of them claims to have discovered it.

Chief among these New Order pedlars are the Fascists and the Socialists, and the present world war is the direct result of the conflict between the two political pedlars. Emerson in one of his essays, written about a hundred years ago, predicted that the great world war of the future would be a "war of ideas," and that prophecy is being fulfilled in our time. Froude declared that "men possessed with an idea cannot be reasoned with." Hitler is proof of that saying, and the tragedy is that he has infected an entire nation with his fanaticism. Russia was in danger of the same mass insanity under Trotsky, and was only saved from the mad idea of world domination by the rise of Stalin.

There is a political war of ideas going on in Canada at this present time. Men possessed with the idea of Socialism are going through our land crying, "A New Order for the Old!" They are offering us Socialism in exchange for Democracy. They do not say that, for they claim that Socialism is perfect Democracy—that they have discovered the magic lamp which has the power to transform our state of economic and social insecurity into one of permanent prosperity and happiness.

Who would not exchange that New Order for the Old one? We all want to be prosperous and happy. We would gladly part with our old feeble lamp for a new and brighter one that would light us on the way to Elysium. Like the Lotus Eaters, we are weary of "climbing up the climbing wave." Still from one problem to another thrown. Why should man not adopt a system like that of the ant, in which every individual would instinctively and obediently take his appropriate place in the community and all would work together in perfect co-operation? Theologians, philosophers and poets down through the ages have pondered that question, and they are all agreed that man is different from the ant.

Ants in an ant-hill, or bees in a hive, are perfectly co-operative, but they have no desire or capacity for individual freedom. They are socialists by instinct. No individual ant or bee would ever think of going off and starting up in the ant or bee business on its own or in partnership. There are no ant or bee capitalists or labor unions. There is no private enterprise in the insect world, and there is consequently no progress. The Co-operative Commonwealth is not a New Order; it is millions of years old.

Co-operation in human society is not a new idea. So far as Canada is concerned, co-operation began with the pioneer settlers with barn-raising and the "Bee." But those co-operative efforts were carried out under a stern system of free, competitive and profit-making enterprise. That system prevails today, yet there is no country in the world where there is more voluntary co-operation in social, industrial and business life than we have here in Canada. We do not need to

change our old order for any new order, but we need a new lamp for our old session, and it is this new lamp that will lead us along the path of progress.

TELLING THE TIME

Because clocks and the old Fort Niagara tically off the market in May. On May for the same entirely new, then in command at country have many oddquaker named Moore, who time of day.

If a fond mother French by Sir William Johnson in bombing station, sh. French garrison escaped into the for Willie because York. One of them, wounded, call-home and was cared for until his over.

early morning exercises, hav There was a heavy snowstorm that night (snow down, he knows he has got to May was not uncommon at Niagara, for was not if he is going to reach his city famous Judge Robert Nichol killed by driving

In the country the land 247) Three days passed before digging was pos the farms never miss the alarm. Then Moore and his party returned to work, clock chimes. Somewhere about according to Hon. W. W. Riddell, the flagstaff a.m. each morning, she is awakened been removed to another part of the fort, no rustling and stamping on the ground as fore digging. cows gather at the gate leading to the milk- ing place, and by the time the foam reaches the top of her first milking pail, the roosters are calling the rest of the rural community to get up and get to work.

Although most British people now get up earlier in the morning than they did before the war, very few of them qualify for a permit before they can purchase clock from the United States. There are not only extremely scarce, but lations state that only the person v be out of bed before 5 a.m. each a purchase one, even if he is lucky est get a permit.

ONE TRACK UTILITY

Our favorite hardware store say boom in wheelbarrows is one of the aging signs of the times. It's a boom a has been growing since people gave up ure riding and began to discover the rich working around one's home. A man reas-wheelbarrow.

A wheelbarrow is a simple pie equipment: a box with removable si wheel in front, and two shafts. But one of sense the epochal achievement of that day, centuries gone, when man first harnessed a single wheel to his use.

It's always been a standard part of equipment, but now that some 20 m city, suburban, and town dwellers are of farm wheelbarrow is coming into its own as co-op- important adjunct to home-centered um, the living.

Besides, think of the fun of giving Be and Bobbie a ride to the garage wheu work's done.

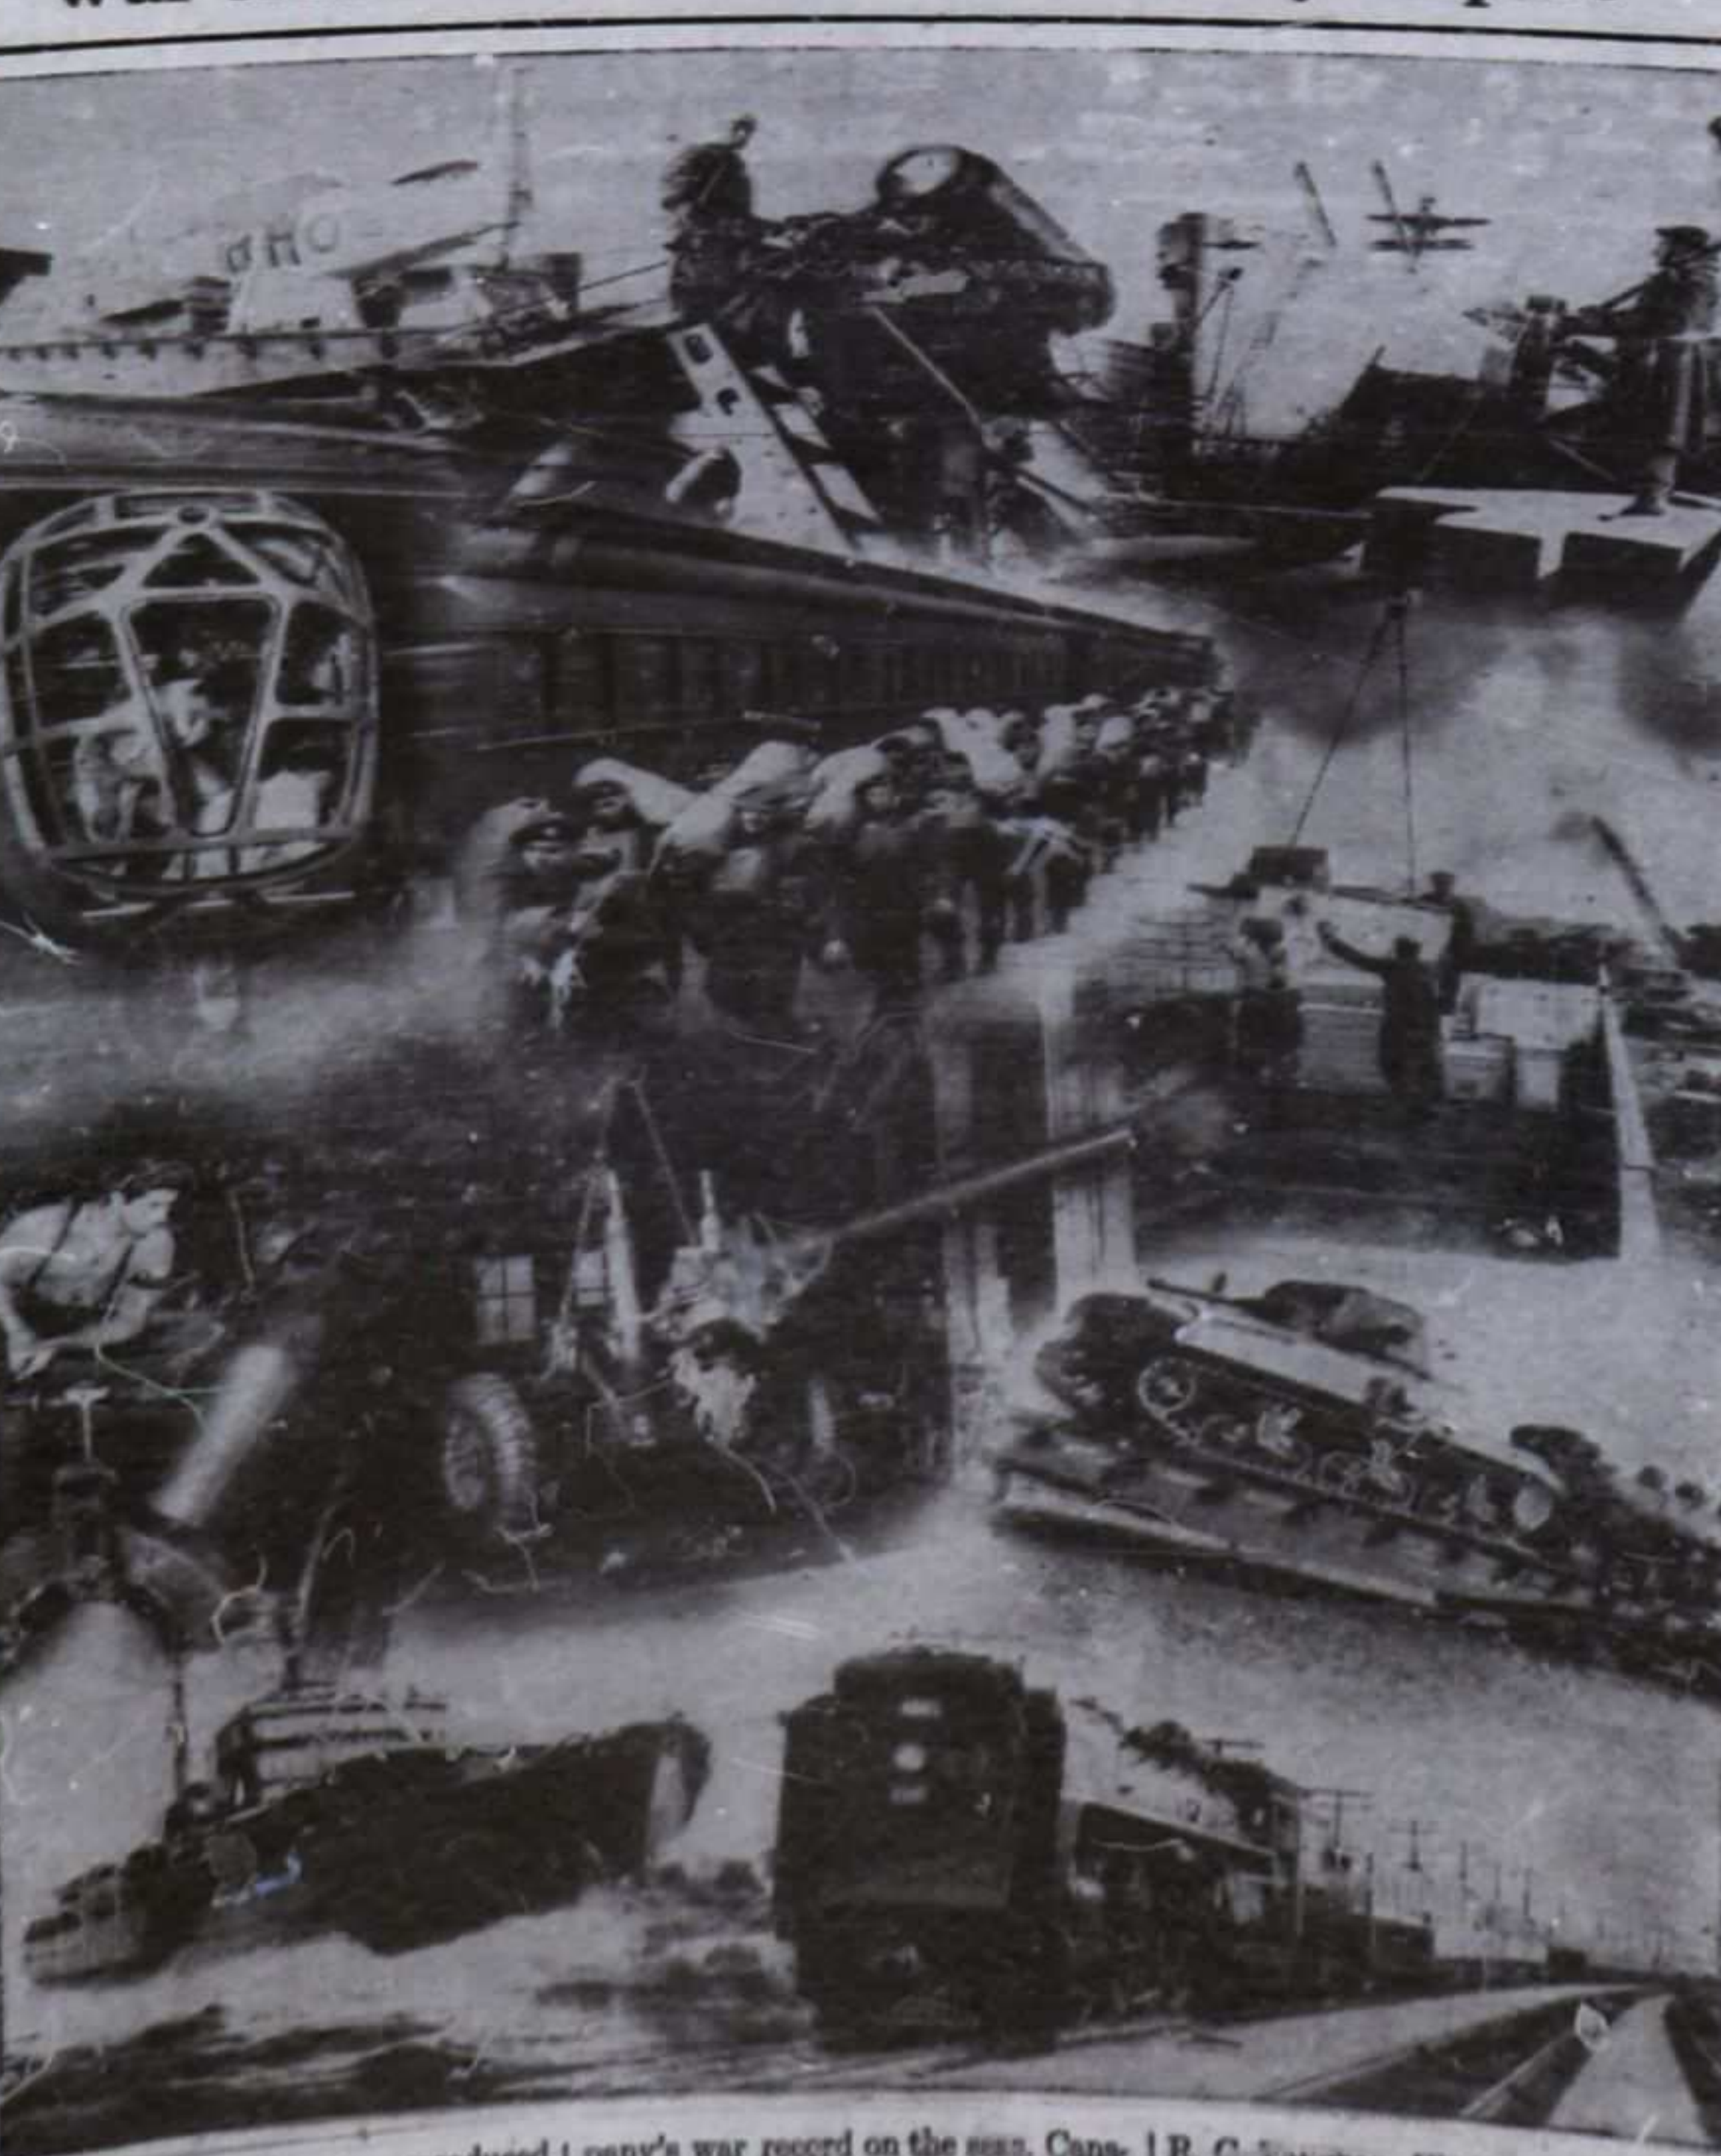

WOMAN

She's an angel in truth, a demon in fiction A woman's the greatest of all contradictions She's afraid of a cock-roach, she'll scream fiction—a mouse; But she'll tackle a husband as big as a housecream at worse; She'll take him for better, she'll take him f

She'll split his head open and then be he him for nurse; And when he is well and can get out of bed be his She'll pick up a tea-pot and throw at head. She's faithful, deceitful, keen sighted aw at his blind; She's crafty, she's simple, she's cruel, she'shted and kind. She'll lift a man up, she'll cast a man down, she's She'll make him her hero, her ruler, he an down; You fancy she's this but, you'll find shauler, her that.

For she'll play like a kitten and fight like a cat. In the morning she will, in the evening she won't, And you're always expecting she will when she won't.

War Activities Pictured in Railway Report

This photo-montage, reproduced from the annual report of the Canadian National Railways presented to the House of Commons, illustrates some of the many war activities of the National System. Depicted here are: Transportation of heavy war materials, troop transport, shipbuilding, maintenance of military aircraft, manufacture of naval guns and artillery mounts, and the com-

pany's war record on the sea. Canadian National ships, converted into cruisers, are serving with the Royal Canadian Navy, and many other vessels operated by the company are transporting war cargoes. "Our objective, as in other war years, was to place the full strength of our manpower and facilities behind the war effort of the United Nations,"

R. C. Vaughan, Chairman and President, said in the report. "To this end all our energies have been directed." The report showed record gross receipts of \$440,615,955 in 1943. The operating ratio for the year was the best in the Railway's history, being 73.64 per cent as compared with 76.93 per cent in 1942, and 81.90 per cent in the peak peacetime year of 1932.

moved the flagstaff? Was the French-ered? If so, by whom? Certainly found it and the ruth of the French found it and the truth of the French ly looks as if there had been crooked where.

UNCLE SAM

The American Uncle Sam has become the most famous of all created characters. gin of the character is not quite clear, but book that I have, entitled American Myths ends, by Charles M. Skinner, is given an ing account.

Some say that the first pictures were portraits of a typical Yankee then living in M Others that it originated during the time of creation of the famous character by Just Halib-ton, of Nova Scotia, whose creation Sam a ck w one of the first humorous characters in the for t purposes of expressing sarcasm and am parents.

The actual christening of the chara Sam, however, is said by Mr. Skinner to curred in Albany at the time of the War. And this is the explanation: "A sloop up the Hudson with munitions for troops, powder-boxes were marked 'U.S.' Some fell their cou not not spell straight enough to know the initials stood for United States asked a byst one he knew what merchant was receiving this e many ac monly large cargo. It chanced that the dock 1,200 wome was an elderly man who, his first name being, who tro uel, was known to the neighbourhood as Uncle, so the person addressed replied that the box, e appeared, from the 'U.S.' painted upon them, to also make gloves and a high mou carriers, va At any rate, Uncle Sam has proved his mettle at peace th and again, as no chap to trifle with, as his ene arms th are now learning, and who will later learn—to t no wome greater sorrow and regret. Teamed up with out with John Bull and the Russian Bear, there is trou plenty ahead for the enemies of freedom.

Mainly For MILADY

Lots Of Little Orphan Annies

There's nothing unique about Little Orphan Annie. There are millions of her on this continent, as a life insurance company shows by figures derived from last U.S. census. One of each nine American children under 18 lives in a family in which death, separation or divorce has created gaps. In the group between 15 and 17 one child out of six is without one or both parents. The total of orphans and of children fatherless or motherless by reason of divorce is 4,500,000 for the whole nation.

Women Wash For The Army

Women in Switzerland have found plenty of war work for themselves even though their country is not at war and there has been no exodus of men. Their country's system of armed neutrality means there is a large home defence force constantly on the alert, and the Swiss women have many activities to promote soldier comfort. There are, for instance, 1,200 women who do nothing but wash for the army and another 30,000 who iron and mend. These are divided into groups of 20 and no article is ever thrown away if it is at all possible to repair it. They also make new shirts and underwear, and knit socks, vests, sweaters, gloves and caps to wear under helmet. Mounting guard in Switzerland's high mountains is chilly business. Women are also acting as mail carriers, railway workers and streetcar drivers. Though Switzerland is at peace it has a higher proportion of its 4,250,000 inhabitants under arms than any other country in Europe. Even though so far there are no women in the armed services, the Swiss girls aren't sitting the war out with folded arms.

Babies First

Through the Consumer Branch, the women across Canada have kept a steady flow of reports going to the Wartime Prices and Trade Board on shortages or difficult supply situations, especially food and clothing for children.

Among the steps taken by the Board to protect babies was an order prohibiting the use of corn syrup for commercial purposes. This allowed a greater and more regular supply to be available for infants.

Some children are on a formula of evaporated milk. For this reason sales of evaporated milk have been restricted to the general public in the centres where fresh milk is readily obtainable so that the youngsters may have an adequate supply of canned variety.

In regard to baby foods, at no time were supplies cut below 1941. In fact they were instead allowed 125% of the 1941 output, and in October 1943 this was increased to 200%.

As textile supplies become more difficult to obtain for civilians, due to war needs and shipping difficulties, the Board was faced with a problem with regard to children's clothing. Special directives have been issued to underwear manufacturers, and as a result production has risen steadily throughout the fall and in November rose to 81,647 dozen garments which is believed to be an all-time record for Canadian production.

Flannelette has been in great demand and because so much is needed for war work carried out by groups such as the Red Cross there is sometimes difficulty in supplying all would-be customers. However, some manufacturers have been able to switch production and increase the output of Saxony flannelette to 12,600,000 yards. This has eased the situation in several areas.

A. Lady Shipbuilder

Down on Toronto's lake front is a one-story temporary building. It's almost hidden among piles of raw lumber, keels, masts and boats in process of being built. This is the business office of J. J. Taylor & Sons, Ltd., formerly builders of pleasure craft and now working on minesweepers. Here presides Dorothy Taylor, daughter of the well-known Toronto boatbuilder.

She is very much one of the "men" of the family, despite her tawny, smartly curled hair. For Dorothy Taylor has gained a wealth of knowledge about building estimates, costs, DM&S contracts, payrolls—in fact about everything that goes to make a ship.

Dorothy Taylor is secretary-treasurer and office manager of the family firm. Each of her four brothers is in charge of one department. Bill directs construction; Edward takes care of all mechanical installations; Ron does the electrical work; Art is shop superintendent.

She joined the firm 14 years ago, organized it from scratch and still is the key "man" of the business end of the organization.

There is a free-and-easy atmosphere about the office. This may be attributed to the big, battered tea-kettle which stands guard on top of an old-fashioned stove used to heat the two rooms. But efficiency becomes apparent when one looks at the walls lined with blueprints and pictures of ship launchings, at the business-like desk piled with wooden trays overflowing with letters, contracts and other data.

Dorothy Taylor was born and educated in Toronto, went into the family business when quite young. Like many business women today doing a responsible war job, she does her own housework as well. For, of course, this pretty "shipbuilder" is married. In private life, she is the wife of Edward Blythe, who is associated with a marine supply house.

The Taylor family was in the shipbuilding trade in England, chiefly in Staffordshire. The father came to Canada in 1904, setting up in business in Toronto.

Old Diner Pail Goes Streamlined

Gone is the old-fashioned dinner pail once proclaimed a symbol of prosperity, and now comes the "lunch kit" serving the same purpose in the streamlined manner which characterizes this mechanized war period. The "lunch kit" in its most popular form is a box with a domed top nesting a thermos bottle with space for food below.

Contents of the kit differ from the predecessor dinner pail indicating the influence of appeals to eat wisely, balance the diet and obtain a fair measure of calories, proteins, calcium, iron and vitamins as well as color harmony, which is another way of tickling the palate through the eye. A brief survey of the lunch period eating habits of men and women employed in National Railways Munitions Limited, operated by the Canadian National Railways for the manufacture of naval guns and field artillery mounts, reveals that the substantial corn beef and cabbage, so beloved of Dinty Moore, has given way to well-made sandwiches in wide variety, hot soups, and salads which would have left the old timer speechless.

The eating habits of Canadians are not yet all they should be but the cross section of the population found in the plants operated by the National System shows an approach towards the objective of adequate nutrition.

Miss Georgina Campbell, dietitian for the Canadian National Railways, holding a degree in that subject and experienced in planning meals for industrial workers, offers suggestions regarding the worker's lunch box, recommending that it should include at least one hot course. If soup is chosen it should be a cream-type, vegetable, celery, etc. Milk is the recommended beverage but if tea or coffee is carried in the thermos, then, says Miss Campbell, the

sandwiches should contain one with finely chopped vegetables. When three sandwiches are included one or two should be made with brown bread to make variety. Fresh fruit is approved rather than cake or pastry. For a light and appropriate pick-up during the mid-afternoon milk is highly recommended.

That the contents of the lunch box should be prepared with care, the sandwiches neatly cut and

carefully wrapped in waxed paper, and neat containers used so that the opening of the parcel will be a pleasant invitation, is Miss Campbell's belief. In the photograph—left—Miss Campbell is shown in a demonstration of the approved method of wrapping the sandwich, while, inset—right—a worker in National Railways Munitions plant is seen enjoying the contents of a carefully prepared luncheon kit.

THE MIXING BOWL

By ANNE ALLAN
Hydro-Kem Economist

Hello Homemakers! Let's all dig in and grow more in year 1944—provided we can store any surplus. There is still time to work a small plot somewhere, where the soil is good. Measure your row and then sow about one half ounce of seed for fifty feet (or one packet). This, however, should be considered from the storage methods available, since one packet of seed will produce approximately one to two bushels of greens or such vegetables as carrots and beets, depending upon the type of soil and the weather. Enthusiastic growers should remember that green vegetables have a short season and a second planting in three or four weeks' time is a better idea.

From one pound of good seed potatoes you may get seven to eight pounds of potatoes. The average family of four should store 550 pounds of potatoes for the year, if they are able to keep them in a well ventilated room at a temperature of 38 deg.

The good gardener calculates on two or three pounds of tomatoes from each stalked tomato plant. Tomatoes are a valuable product and economical to can.

We mention the above facts to encourage you to keep good records of: length of row, amount of seed in packets, date when seeds planted, date and treatment of plant disease, date of first picking, production and notes on desirability and quantity. A notebook and pencil are all you require to do the job that should be started now.

RHUBARB HONEY CHIFFON PIE

3 1/2 cups rhubarb, cut in 1/2 in. pieces, 1/2 cup corn syrup, 1/4 cup honey, 1 tablespoon granulated gelatine, 1/4 cup cold water, 1 tablespoon lemon juice, 2 egg whites, baked 8-inch pie shell (deep).

Cook rhubarb gently with corn syrup and honey until soft. Add gelatine dissolved in cold water and lemon juice. Cool, and when partially set, add egg whites beaten stiff but not dry. Pour into baked pie shell. Serve garnished with whipped cream.

RHUBARB AND PRUNE RELISH

4 lbs. rhubarb, 2 lbs. prunes, 2 lbs. sugar, 2 lbs. corn syrup. Cover prunes with water and leave 24 hours. Cut rhubarb in

small pieces and sprinkle over it 2 lbs. of corn syrup. Let stand overnight. Place prunes, water and rhubarb, with the syrup, in kettle. Add to mixture and simmer 1 hour. Add 2 lbs. sugar. Boil gently 1/2 hour longer. Yield: 6-8 eight-ounce glasses.

ALL-IN-ONE-DISH

1 cup uncooked spaghetti, 4 slices breakfast bacon, diced, 1/2 cup chopped onion, 1/2 lb. round steak, ground, 2 tbsps. starch, 1 (10 1/2 oz.) can tomato soup (condensed), 1 can water (10 1/2 oz.), 1/2 teaspoon salt, 1/16 teaspoon pepper.

Cook spaghetti till tender in 2 quarts boiling water to which has been added 2 teaspoons salt; drain. Cook bacon; add onion and meat; cook till brown. Add corn starch, blend well. Add soup, water, salt, pepper, and spaghetti. Simmer gently on electric element for 5 minutes. Serve with hot toast.

WHAT NEXT?

Even sport and field glasses are now undergoing the streamlining process, as witness this miniature binocular. Looking not unlike a cigarette case, and similar in size, its ingenious construction permits the lenses to open or close in a split-second.

Take a Tip:

Paint brush conservation: curled brush ends should be immersed in boiling water for a few moments and allowed to dry. Paint-hardened brushes can be fixed if they are placed in a bath of paint remover and left for several hours. Then brush on a smooth board.

The Question Box:

Mrs. M. R. says: I thought the oven was the cause of my cakes burning on the bottom, but I decided it was my thin black pans, so I've been turning an old chipped enamel pan upside down to detect the heat. Note: this is a good conservation tip.

Mrs. J. C. asks: How do you keep a large cake moist?

Answer: We cut it so that it fits into the bread box, wrap it in wax paper and then put a couple of slices of fresh bread in the box each day.

Anne Allan invites you to write to her c/o The Independent. Send in your suggestions on homemaking problems and watch this column for replies.

Ample Pockets Lighten Work

A certain housekeeper, always laughingly refers to her pockets as first aid to step-saving. She has pockets of generous size on all of her work aprons, pockets—not one pocket but several on each apron. When she is working about down stairs into these big pockets she puts all the little things which she finds lying about under the course of her work, she comes around to the place where they belong. Then out they come. In this way the picking up and putting away process is simplified.

Large pockets on work aprons are also handy for holding dust cloths, smaller brushes, in fact, anything small that is used for cleaning. Having it in one's pocket means it's being where one is when it's wanted.

Another housekeeper has the habit of mislaying her pocketbook. When the baker or the laundryman come there is usually a wild scramble after that elusive, but altogether necessary, pocketbook. She gets excited and forgets where she laid it. The tradesman waits as patiently as possible and loses time that could be put to better purpose. If this housekeeper made it a rule to keep her pocketbook in her apron pocket all this could be avoided.

A large pocket on the apron one wears while sewing is a help for holding measuring tape, thread, chalk, small patches, snaps and many other needed things.

DELICIOUS WITHOUT BUTTER

MAGIC'S CINNAMON ROLL-UPS

2 cups sifted flour
4 tpsns. Magic Baking Powder
1/2 tspn. salt
4 tpsns. shortening
1/2 cup milk (about)
Brown sugar
Cinnamon
1/2 cup raisins

Mix, sift first three ingredients. Cut in shortening, until mixed. Add milk to make smooth dough. Knead 1/2 minute on lightly floured board; roll dough into 1/4-inch thick oblong. Sprinkle with brown sugar, cinnamon, raisins. Roll lengthwise; cut into 1-inch slices. Bake cut side down in greased muffin pans or pie pan in hot oven (450°F.) 15 minutes. Makes 10.

BUTTER RATION CUT

Canada's butter ration will be reduced temporarily in June to facilitate the building up of a reserve to meet requirements next fall and winter, the Prices Board has announced.

The coupon which would have become valid June 1 will now become valid on June 8.

Under the reduction, the pound of butter bought with coupons 62 and 63, valid May 18, must last for three weeks, until June 8, when coupons 64 and 65 will become valid.

The ration administration announces that "F" canning sugar coupons may be exchanged for preserves coupons on the basis of one "F" coupon for one preserves coupon but not until they are declared valid. The first five "F" coupons become valid May 25 and the second five on July 6.

Miss A. B. Bourne is seriously ill at her home on Mountain St.

L.A.C. Walter J. Halinski, R.C.A.P. of St. Thomas, spent the weekend with his parents.

Mrs. Earl Duffield and children of Kirkland Lake is visiting with relatives in Grimsby and Fenwick.

Burlington will build a four room addition to one of its public schools at a cost of \$47,000.

Bert Sims will attend the annual reunion and dinner of the 18th Batt. in London this coming weekend.

The Rev. Dr. Leckie has been spending a few days in the city of Kingston, attending the Convocation and Board meeting at Queen's University.

Miss Diane Sawyer won the Gold Medal in the girls' 12 year old and under Vocal Contest, held in St. Catharines on Wednesday, May 17th.

L.A.C. Edward Brubaker returned to Victoriaville, Que., on Saturday after spending his furlough with his parents, Edward and Mrs. Brubaker, Thirty Mountain.

Dr. H. G. Brownlee and Dr. Geo. Mitchell, are attending the Ontario Dental Association Convention being held in Toronto on Monday, Tuesday and Wednesday of next week.

Charles H. and Mrs. Walker, spent the weekend with friends in Niagara Falls, N.Y. and Rochester, N.Y. where they enjoyed viewing the Lilac bloom for which the Kodak City is famous.

Miriam Ann Konkle who has been confined to her bed for the past three months, with rheumatic fever is able to be up again. Under the skillful care of Dr. MacMillan she has made a wonderful recovery.

Mr. H. Coate celebrated his 70th birthday last week, and was guest of honor at a surprise party at the home of his daughter, Mrs. Fred Phillips in Hamilton on Saturday night. Mr. and Mrs. Mike Swell attended from here.

On Tuesday evening, May 23rd, a very pleasant surprise party was held at the home of Mrs. Lester Larsen, Livingston Avenue, in honour of her birthday. The evening was spent playing cards and other games, after which a most enjoyable lunch was served.

Col. W. W. Johnson, Commandant of the Northern Area, North Bay was home over the weekend. He attended the 150th anniversary dinner of the Lincoln and Welland Regt. in St. Catharines on Saturday night and took the salute at the High School Cadets' Inspection on Monday night.

Mrs. Howard Young entertained at a miscellaneous shower on Tuesday evening, May 16th, for Miss Helen Young of Winona. Guests were present from Grimsby, Fenwick, Galt and Hamilton. The hostess elect was the recipient of many useful gifts. Games were enjoyed during the evening, and a delicious luncheon was served by the Hostess.

The May meeting of Lincoln Loyalist Chapter I.O.D.E. will be held in the Chapter rooms on Monday evening, May 29th, at 8.00 sharp. In the absence of Mrs. Jewson, who is attending the National Chapter in Hamilton, Mrs. Erwin Phelps will preside.

DO YOU KNOW?

1.—That the I.O.D.E. War Service Committee is holding a rummage sale in Hillier's old store on Friday night, June 2nd and Saturday, June 3rd?

2.—That Mrs. S. Burgess is the I.O.D.E. Liaison officer for Prisoners-of-war, and keeps in close touch with the Red Cross and Prisoners-of-war next-of-kin association, so as to avoid overlapping in the work?

3.—That this sale is to raise money to purchase comforts for local boys who are prisoners-of-war?

4.—That these comforts are for the next of kin to include in their parcels, which is the only way comforts can be sent to prisoners-of-war?

5.—That pyjamas, sweaters, socks, etc. have been sent in this way in the past?

6.—That Mrs. Burgess has made the necessary special arrangements to send blankets to the prisoners, who make them into sleeping bags?

7.—That cigarettes are also sent at regular intervals by the I.O.D.E. to each local boy who is a prisoner-of-war?

8.—That donations of money or articles for sale may be left at Hillier's old store Friday night or Saturday, June 2nd and 3rd?

Grimsby Boy Marries A Grimsby Girl

The Grimsby (Eng.) Evening Telegraph, of Monday April 17th, on its front page carried a two column picture of a young bridal couple, with the following caption:

"From Grimsby To Grimsby For Bride — Romance awaited Sapper Robert Twocock, of the Royal Canadian Engineers, when he came from Grimsby, Ontario, to Grimsby, England, to fight for the Mother Country. He met Leading Aircraftwoman June Smith, and the sequel was these happy wedding day smiles at St. Stephen's church."

Sapper Twocock is the son of William and Mrs. Twocock, Depot Street, whose five sons have all been overseas, one of them having been returned as under age and now doing instructional work in Canada.

St. John's W.M.S.

Miss Phillips and Miss Dempster entertained the St. John's Presbyterian W.M.S. in their home on Nelles Boulevard for the May meeting. Mrs. Dunham and Miss Dempster were responsible for arranging the program.

Mrs. Morris after giving a brief report of the Provincial annual meeting held at Hamilton, took for her topic—"The Garden of God". The garden is the church of the living God. Its end is to sweeten the world. Mrs. Morris ended her talk by repeating King's poem, "The Glory of the Garden". Isabel Stevenson sang a very appropriate solo—"In The Garden."

Grimsby Red Cross

The May meeting Grimsby and District Red Cross was held in the Red Cross rooms at Post Office on Tuesday, May 23rd.

It was decided that during the summer, as the people here are so busy, the meetings will be held in the evenings, beginning June 27th, at 7:30 p.m., and will continue through June, July, August and September.

It was also decided that during the summer months the Red Cross rooms will only be open on Thursday afternoons from 2 till 5, instead of Monday and Tuesday as formerly, for the receiving of work.

Presentation

On Tuesday night, May 23rd, over one hundred people met in Trinity Hall to welcome the newcomers to Trinity United Church, and also to say goodbye to Mr. and Mrs. Brown and Miss Henry, who are leaving Grimsby early in June to take up their residence in Galt.

To start things going, Mr. C. D. Millyard led the audience in a sing-song. This was followed by a violin solo by Miss Doris Bromley, accompanied by her mother at the piano. Miss Gloria Jarvis sang a solo "The Merry Merry Month of May." Mrs. G. McIntosh gave a beautiful piano selection, and Mr. Harold Jarvis sang.

Mr. Watt welcomed the newcomers, and told them he hoped they would soon feel at home in the Church, and other activities.

Mr. Murray Beamer then read, and presented to Mr. and Mrs. Brown and Miss Henry an illuminated address, stating how very active and helpful they have all been in the Church during their 20 years in Grimsby and how we will miss them, but what is our loss, is a gain to Galt.

Mr. Brown replied feelingly, adding a few remarks in a lighter vein, after which the audience sang "For they are jolly good fellows."

Mrs. J. O. Moore, the President of the Women's Association and Mrs. W. A. McNiven, the Past President, on behalf of the congregation, presented Mr. and Mrs. Brown with a walnut coffee table,

and Miss Henry with a handbag. Refreshments were served by the Women's Association, and an exceedingly happy evening was closed by the singing of the National Anthem, and Prayer by the Pastor.

Births

JALINSKI—At St. Joseph's Hospital, Hamilton, on Wednesday, May 17th, 1944, to Mr. and Mrs. J. Halinski, a son (Victor Michael).

FALLOON—Mr. and Mrs. J. Falloon announce the birth of a son, Charles Lomas, at Mount Hamilton Hospital, Sunday, May 7th. A brother for Margaret Ann and Jimmy.

Beaver Club

On Monday, May 22nd, the Beaver Club of St. John's Presbyterian Church sponsored the showing of two splendid Hydro films in technicolor, "The Romance of a River" was the story of how the Okokogi River's course was diverted from emptying into James Bay to the Great Lakes and St. Lawrence River, "Radiant Rockies" was a most enjoyable trip through our Canadian Rockies, beauty spots beyond description, luxury hotels, Stony Indians, etc.

Mr. K. J. Brown, District Supervisor of the Sales Promotion Department of Hydro Electric Power Commission spoke briefly on what Hydro has accomplished in years past and what we can expect in the near future, also brought to our attention how many duties the Hydro does for us each day that we take for granted.

Members of the Trinity Service Club and other ladies' organizations of the church were guests. Mrs. D. C. Thomson, President, presided.

Lunch was served and a social hour enjoyed.

Decorated Grimsby Boy Is Back Home

Two members of the first all-Canadian bomber group overseas arrived in Hamilton Friday morning. Both wear the ribbons of the Distinguished Flying Medal, were wounded overseas and have completed operations. On the right is Flight-Lieut.

Hugh J. Anderson, former Grimsby boy, son of Mrs. H. C. Anderson, now living in Hamilton. In the photograph, Mrs. Anderson, centre, questions her son and F.O. Fred Moritz, Gull Lake, Sask., on the left.

Good Bye

T. B. McQuesten, former Ontario minister of highways, announced Saturday he had resigned from the Niagara Falls Parks Commission, of which he has been chairman. The resignation came in response to a letter from Premier Drew which suggested "that the present members of the board make it possible for us to carry out" reorganization.

This Is Strategy

Let's get this straight once and for all. German forces in Italy did not withdraw from the Hitler line under Allied pressure. Neither did they retreat. Nor flee. Nor even run. No, sir, the high command announced in a communique from Berlin, they "fought their way back" to the rear.

NOTICE

Re Former Grimsby Golf Club

The former Grimsby Golf Club is now non-existent and the course has reverted to private property. Owing to wilful damage already having been done to the property in the removal of trees etc., notice is now given that trespassing will not be tolerated.

Notice to Creditors

IN THE ESTATE OF JEAN EWART HOWORTH Deceased.

All persons having claims against the estate of Jean Ewart Howorth, late of the Township of North Grimsby, in the County of Lincoln, Widow, deceased, who died on or about the sixth day of March, A.D. 1944, are hereby notified to file full particulars of their claims with the undersigned Solicitor for the Administrator with the Will Annexed on or before the thirty-first day of May next, 1944, after which date the assets of the estate will be distributed, having regard only to the claims of which the Administrator with the Will Annexed shall then have notice.

Dated at Grimsby, Ontario, this twenty-ninth day of April, A.D. 1944.

HAROLD B. MATCHETT, Grimsby, Ontario.

Solicitor for the Administrator with the Will Annexed.

TENDERS FOR COAL AND COKE

Federal Buildings — Province of Ontario

SEALED Tenders addressed to the undersigned and endorsed "Tender for Coal" will be received until 3 p.m. (E.D.S.T.), Wednesday, June 7, 1944, for the supply of coal and coke for the Dominion Buildings throughout the Province of Ontario.

Forms of tender with specifications and conditions attached can be obtained from the Purchasing Agent, Department of Public Works, Ottawa, and the Supervising Architect, 36 Adelaide St. East, Toronto, Ont.

Tenders should be made on the forms supplied by the Department and in accordance with departmental specifications and conditions attached thereto. Coal dealers' license numbers must be given when tendering.

The Department reserves the right to demand from any successful tenderer, before awarding the order, a security deposit in the form of a certified cheque on a chartered bank in Canada, made payable to the order of the Honourable the Minister of Public Works, equal to 10 per cent of the amount of the tender, or Bearer Bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bonds and a certified cheque, if required to make up an odd amount.

Such security will serve as a guarantee for the proper fulfilment of the contract.

By order, J. M. SOMERVILLE, Secretary.

Department of Public Works, Ottawa, May 13, 1944.

Mothers' Club

The regular meeting of the Mothers' Club was held at the home of Mrs. Fred Nunnemaker, St. Andrew's avenue, on Thursday, May 18th, with Mrs. Norman Morningstar presiding.

The meeting opened with a hymn and the Lord's Prayer, followed by a scripture reading by Mrs. Rummery.

A very interesting talk was given by Rev. Mr. Brooks, on The Proper Training and Guidance for our Children.

Plans were made for the annual picnic to be held on June 15th. Mrs. Edward Hunter was appointed convener.

After the meeting a delightful lunch was served by Mrs. Rummery and her committee followed by a social half hour.

Coming Events

Notices under this heading will be charged at the rate of 35 cents for 30 words, or less. Over 30 words 1 cent per word.

A concluding bridge of those who played in the I.O.D.E. tournament, will be held at the home of Mrs. R. O. Smith, on June 3rd at 7:30 p.m., playing to begin promptly at 8 p.m. A prize will be given for the highest score. Prizes will also be given to Mrs. Cole, Mrs. Hoshal, Mrs. F. Jewson and Mrs. C. Bell, winners of the 1st and consolation tournament.

Obituary

WILLIAM T. SHIELDS
William Thomas Shields, of 24 Woodbridge road, Bartonville, died Friday at his home at the age of 77 years. Mr. Shields was very well known and highly esteemed in Stoney Creek and Binbrook, and his death came quite unexpectedly. He was born in Binbrook and had farmed until his retirement. He was a member of the United Church in Stoney Creek and leaves to mourn his loss two sisters, Mrs. Edward Laidman, in Grimsby, and Mrs. W. M. Colvin, of Toronto.

MRS. JESSIE STRACHAN
After a long illness, Mrs. James Strachan passed away at her home Main Street West, on Thursday afternoon.

The former Jessie Johnson, she was born in South Grimsby township, a daughter of the late John and Prudence Johnson. She had resided in Grimsby for the past 50 years and was a member of the local Baptist Church, taking an active part in the Ladies' Aid until becoming ill.

Surviving, besides her husband, James Strachan, is a son by a former marriage, Palmer Hill, of Grimsby; also two sisters, Mrs. Frank Smith, Winona, and Mrs. E. L. Werner, of Cheboygan, Mich.

Funeral services which were largely attended were held from the Stonehouse Funeral Home on Saturday afternoon to Queen's Lawn Cemetery. Rev. J. Allan Ballard officiated.

Casket bearers were, Duncan and Wm. Strachan, Harry Jerome, Milton Fretz, Fred and Aubrey Smith.

DR. LIVINGSTONE WYSE
Word has been received of the death following a heart attack at his home, Hamburg, N.Y., of Dr. Lyle Livingstone Wyse, 38, former resident of Toronto.

Born at Puslinch, he was the son of Mrs. Mabel Wyse and the late Benjamin Wyse. He received his early education at Galt, and graduated in medicine from the University of Toronto in 1931. Prior to establishing a practice in Buffalo he interned in the Toronto General Hospital, the Hospital for Sick Children, the Banting Institute, and also the Buffalo General and Sick Children's Hospitals. While in Toronto he attended Grace United Church.

Surviving are his widow, Mary C. Macklem Wyse, daughter of Francis P. and Mrs. Macklem, former Grimsby residents; two children, Nadine and David; his mother, Windsor, Ont.; two sisters, Mrs. Russell Stewart, Mill Grove, Ont., and Mrs. Murray MacPherson, Windsor, and two brothers, Edward Wyse, engineer at the Growers Cold Storage & Ice Co., Grimsby, and Lloyd Wyse, Toronto.

Choir Concert

A large audience enjoyed an hour of familiar music at the close of the evening service at Trinity United Church on Sunday evening last.

The program was given by the Church choir, under the direction of Mr. T. L. Dymond. The guest soloist was Miss Edleen Tineknell of Paris. Organ and piano duets were played by Messrs. T. L. Dymond and K. Baxter, and anthems were sung by the choir.

A cheque for \$27.50, the total proceeds, is being forwarded to the Red Cross.

Card of Thanks

We wish to extend our sincere thanks to all neighbours and friends for their kindly help, loan of cars and floral expressions during our recent bereavement.

James Strachan, Pabner Hill.

The family of the late Mrs. Kenneth Bratton wish to express their sincere thanks to the many friends and neighbours who have been so kind and thoughtful at the time of the recent death of their dear wife and mother.

The Girl Guides and officers of the 50th and 87th I.O.D.E. Companies, wish to express their sincere appreciation of the splendid support given to them on their cookie day, May 13th to 20th. The net proceeds amount to \$46.54, which will be divided equally between the two companies. They also extend their grateful thanks to Miss H. Gibson and Miss R. Walker for their timely assistance, and to the Navy League for the use of their quarters, also to Jarvis Bakery for their generous co-operation.

SPORTOLOGY

By Bones Livingston, Sportologist

The late Willie Shakespeare, in one of his flashes of wisdom, in the tap room of his favorite pub, once quoth "Consistency Thou Art A Jewel". Consistency in any endeavour in life will always win out. That has been amply proven in the Peach Queen's Bowling league this winter.

Last week Helen Elmer and her Vimy team won the championship of the league in two straight games, in the finals, from the John Hale team. Consistent bowling is what won the championship for this team. They were not blowing hot one week and cold the next. They were just bowling consistently week in and week out against poor teams and good teams and as a result are now the holders of the Metal Craft trophy for the next 12 months, succeeding Corinne Robertson's Victory team, the 1943 champions.

Up until February 10th the Vimy team were more or less in and outers. That's when "Bud" called her team together and gave them a pep talk that will go down in bowling history. On the 11th they started their march to the championship. They were in 10th place at that time. They started to bowl consistent with the result that when they threw the last ball in the last final game they had won 39 games out of the last 42 played. They finished the schedule in fourth place. That is a record of some kind or other and every member of the team are to be heartily congratulated upon their success.

Consolation series wound up last week too with the grand, battling Veterans succumbing to the young and virile St. John's team from the Hewson basket factory. Vets. lost two straight games to the youngsters who thus won the Niagara Packers' prize. The Vets deserve a lot of credit for their efforts all through the schedule, for they were always on the bat and bowling to win. This team are not as young as a lot of the other bowlers. In fact a couple of them are grandmothers, but they get a great kick out of the game just the same.

Trophy winners in the Queen's league for this season are Vimy team the Metal Craft league trophy; Doris MacBride, the St. John and Shaw high single score, with 339; Alice Neale, the St. John and Shaw, high triple score with 835; Doris MacBride, The Independent high average for the season, with 202. Good work girls. See you all at the bun fight in the Village Inn on Monday night. Bring your own toothpicks.

BEAMSVILLE

ONTARIO

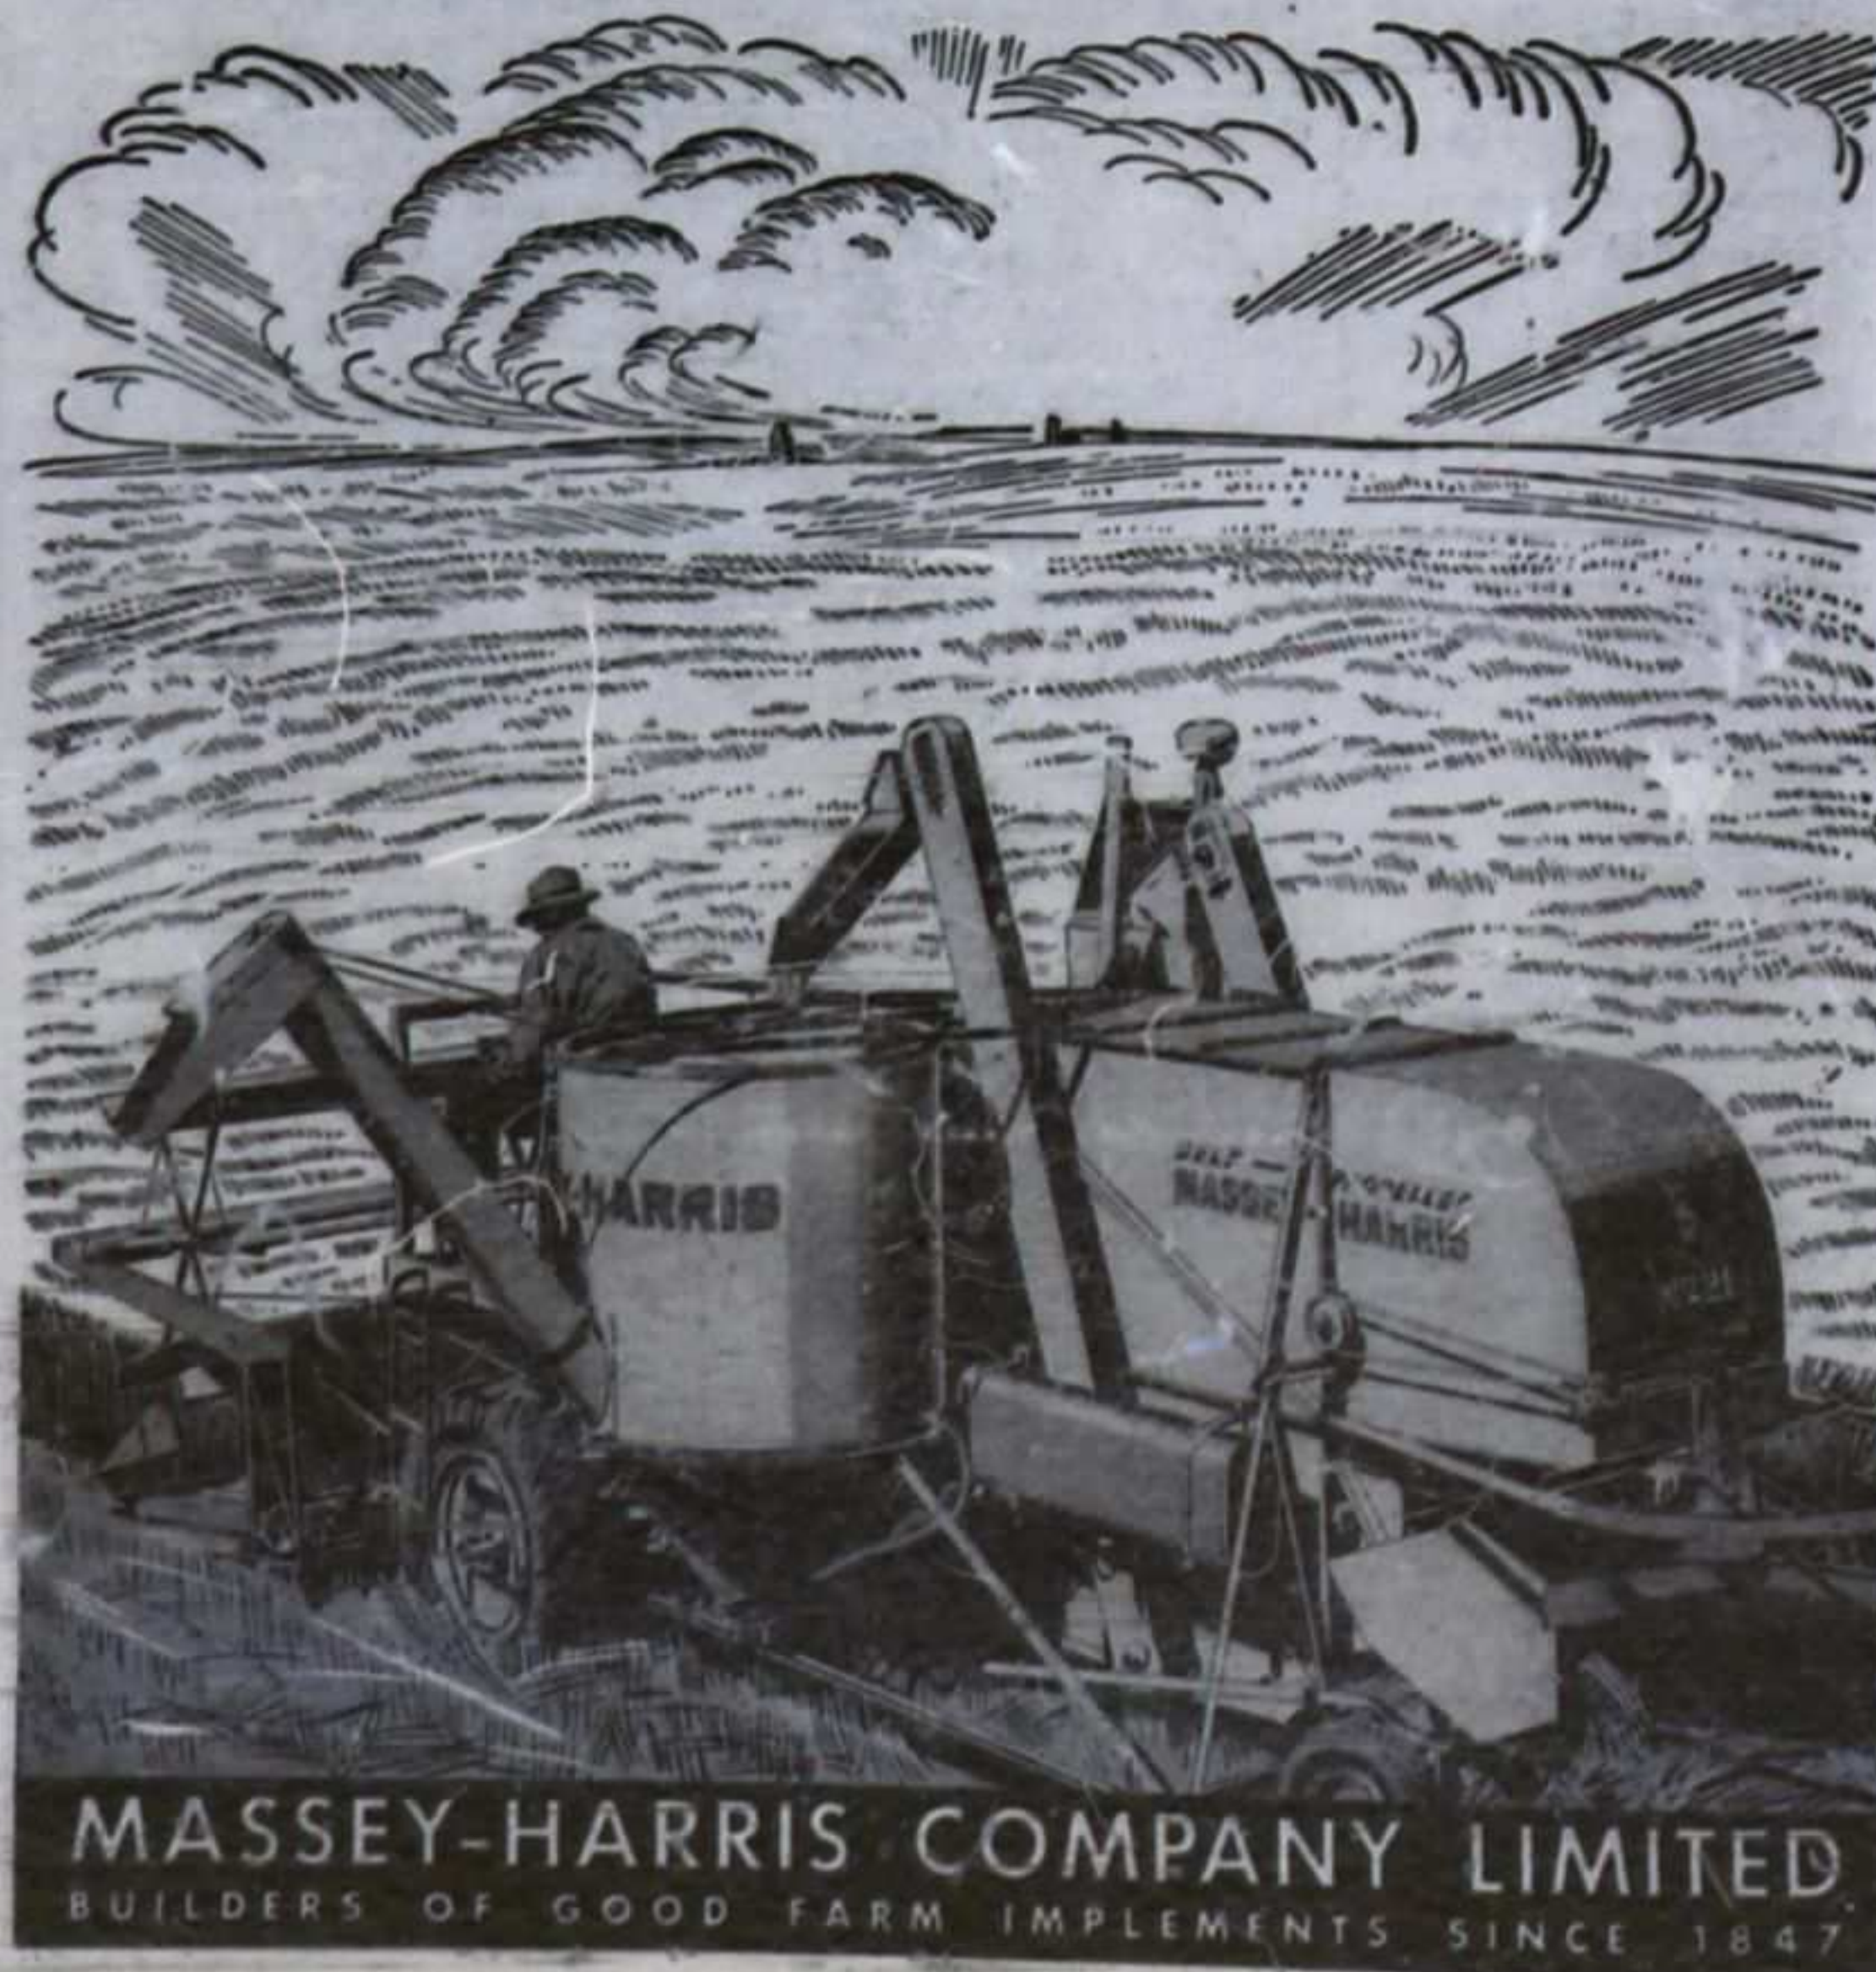

The Road Ahead...

Canadian Agriculture, giving as it has such abundant evidence in these days of prodigious war needs, of its ability to furnish ever-increasing quotas, is yet going to be faced with greater production programmes in the days following the liberation of the occupied territories of war-torn Europe. There is perhaps no other single factor that has so greatly assisted the Canadian farmer to accomplish such record achievements as that of modern machinery. United with the farmer, in the job of continuously improving and increasing the

efficiency of his methods of production, is the Implement Engineer.

Massey-Harris, always a leader in the introduction of time and labor saving equipment, has made another notable advance with its self-propelled combine which has revolutionized harvesting methods.

The self-propelled principle introduced in the Massey-Harris Combine opens up a world of possibilities in the future trend of farm machines for the road ahead.

CONTINUATIONS

From Page One

"THEM WAS THE DAYS"

Perhaps the most important thing in her early life were show-boats. They, when they came down the Monongahela river to leave a cargo of joy at the hamlet of Georgetown, Penn., were an unrecognized harbinger of the future life of the little girl who visited them. Show-boats meant business and sailors. Bessie Moore was to marry a sailor and enter show business with him.

When in her teens she moved to Cleveland and met A. W. Moore, a Canadian who was a Captain on the Great Lakes. Mr. Moore soon took to the land permanently, engaging in various endeavours in Cleveland until he met H. H. Wyllie. The latter had purchased the Grimsby Park Co. to convert its property into an amusement park. Moore joined him and opened a movie house. Movies, still a novelty, were growing in popularity. In the fall Moore moved the theatre to the town hall, and brought his wife and two children to Grimsby.

In 1911 the town hall was torn down and Moore, following the policy of playing the park in the summer and the village for the rest of the year, found a new location in the fall. The show stayed there for two years. In 1914 several citizens, among them the present mayor, suggested that Grimsby ought to have a permanent theatre. The result is the present one, in which many changes have taken place since its first days. It is recognized today as one of the best small town theatres in Canada.

In 1917 Mr. Moore passed on and Mrs. Moore took over the management of the theatre. Since then she has won recognition as one of the most forward-looking members of the community and the motion picture business.

High regard for her is not exclusive to Grimsby, for she is extremely popular in the trade. She always had the welcome sign out for motion picture folk who passed through or stopped. And few passed through when they could stop to say hello.

She is just as busy as she ever was, is this lively lady. A member of the Canadian Picture Pioneers, she is also an honorary member of the Lincoln Loyalist Chapter of the I.O.G.E., and an honorary member of the West Lincoln Branch 127 of the Canadian Legion.

What year was that old-time photo taken? Mrs. Moore didn't refuse to tell—just didn't offer to. The enquiry wasn't pressed. Let the lady have the last word in saying that "it is certainly 'Way Back When' enough."

Let us surmise that the photo was taken at the amusement park the first year the Moores got there. That would be 1910.

For one thing, movies had not grown important enough to attack. A newspaper headline stated: "Saloon man opposed to moving pictures. New form of amusement said to be great foe of barrooms." John Bunny was the No. 1 comedian and he was starring with Flora Finch in "The New Stenographer." A new cowboy star named Tom Mix appeared in "Ranch Life in the Great South West" and the first "Ramona," starring Mary Pickford and Henry Walthall, was doing fine business. Also "The Italian Barber," starring Pickford and Mack Sennett, which was directed by D. W. Griffith.

Halley's Comet showed up for the first time since 1535 and while everybody was talking about it Mark Twain, who was born when it last appeared, died. Glenn Curtiss flew from Albany to New York, winning \$10,000, and Barney Oldfield electrified the automobile world by racing a mile in just over 37 seconds. There was a rumor that Ziegfeld would be divorced by Anna Held.

Stage hits were "The Mikado," "Madame Cherry," "Rebecca of Sunnybrook Farm," "The Music Master," "Tyllie's Nightmare" and "The Girl of the Golden West." Caruso, Maxine Elliott, John McCormack, David Warfield, Mary Garden, Douglas Fairbanks and Otis Skinner were big names. There were now thousands of movie theatres and several new production companies were founded, to which stage stars were attracted. Edison experimented with sound films. Romantic youth was singing "Ah, Sweet Mystery of Life" and "Down by the Old Mill Stream." Folks were dancing to "Chickadee." That's the kind of a world that

was adorned by the handsome lady in the "where-did-you-get-that" hat. Adorn it she did, for she looks like the nicest thing that could happen to a gay blade's eyes "while strolling through the park one day in the merry month of May."

In Grimsby and elsewhere, Mrs. Moore is still a lovely lady, the years notwithstanding.

REPORTED MISSING

Mrs. Audrey Topp, of Silverdale, born in South Grimsby township, near Grassies, he is 36 years of age. He attended Smithville High School and Central Collegiate in Hamilton, later going to Queen's University, Kingston, where he earned his medical degree in 1932. After graduation, he spent a brief period at Rouyn, then moved to Timmins, where he had a practice. He had been stationed at a naval hospital in Newfoundland prior to going to sea in the Valleyfield a few weeks ago.

On July 5th, 1941, he married Marion Lawlor, R.N. of Timmins, formerly of Nova Scotia.

A tragic story attended the death in H.M.C.S. Valleyfield of Surgeon-Lieut. Clarence E. Irvine, 37, R.N.V.R., of Grimsby, according to a navy press release.

Surgeon-Lieutenant Irvine did not belong to the ship. He was called over at sea on an errand of mercy and had the misfortune of being in the frigate when the torpedo struck.

A quiet, popular officer, who gave up a good practice in Timmins to join the service, Surgeon-Lieutenant Irvine received his first official sea appointment less than a month ago, to the corvette H.M.C.S. Halifax.

On the return trip from the United Kingdom, he was summoned from Halifax to H.M.C.S. Giffard

to attend the commanding officer, Lieut.-Cmdr. Charles Petersen, R.C.N.R., of Victoria, who had been ill with quinsy. He was about to return to his ship when a rush call came from Valleyfield, saying that a man was sick, and asking if the doctor could be spared.

Surgeon-Lieutenant Irvine went across to the frigate in a sea-boat. His patient was feared to have been stricken with appendicitis, but after examination, the naval doctor decided to apply ice and see if he could nurse the man until the ship reached port and operational facilities. If the appendix ruptured he would operate at sea.

Survivors related how, instead of going to an officer's cabin he decided to stay in the sick bay with his patient. Thus he met his death. He was never seen from the time the torpedo struck.

FLT.-LT. ANDERSON

and previous to his enlistment in May of 1940 he was an operator and mechanical superintendent on Diesel engines for the Dominion Construction Co. on the building of the Queen Elizabeth highway. Mrs. Fred Wade, Mountain street is a sister and Mrs. Morris Udell, No. 8 Highway east is an aunt.

Accompanying the young Lieut. is his "buddy" Flying Officer Moritz, a wireless operator air gunner, who previous to joining up was an undertaker's assistant at Gull Lake, Sask. Both flyers are engaged to girls in the town of Darlington, Durham, Eng. Both survived wounds suffered on air operations.

Flight-Lieut. Anderson enlisted as an aero-engine mechanic and remustered for training as a flight-engineer overseas. During his tour of operations he visited some of the best-known targets inside Germany and once was over Genoa, Italy. With coastal command, his aircraft helped supply cover for the North African landings.

Flying in the crew of a Halifax he helped send a sub down off the coast of Spain. The sub was disabled and under escort of two armed vessels. Anti-aircraft fire at-

tracted attention to the submarine and the aircraft went in so close and to drop ash cans that part of the rudder and port wing were shorn away.

The citation which accompanied award of his D.F.M. stated: "Sgt. Anderson has taken part in numerous operational sorties against targets in the heavily defended industrial areas of Germany and also on many anti-submarine patrols. In October, 1942, while engaged in a low-level attack on Flensburg, Sgt. Anderson's aircraft was illuminated by searchlights and subjected to a heavy concentration of anti-aircraft fire. Although wounded in the leg with calm courage he

continued with his duties, saying nothing of his wounds until halfway home. This man has been acting as a flight engineer leader for some months and is largely responsible for the high standard attained by his fellow flight engineers."

Huge catfish inhabit all the great rivers of South America; the laulau of the Guianas and the Amazon grows to be from 10 to 12 feet in length and to weigh over 200 pounds; its flesh is good eating.

All sailing on the sea of matrimony is not smooth either.

SULFORON

for Spraying or Dusting

A SULPHUR SPRAY THAT WILL NOT CLOG THE NOZZLE...

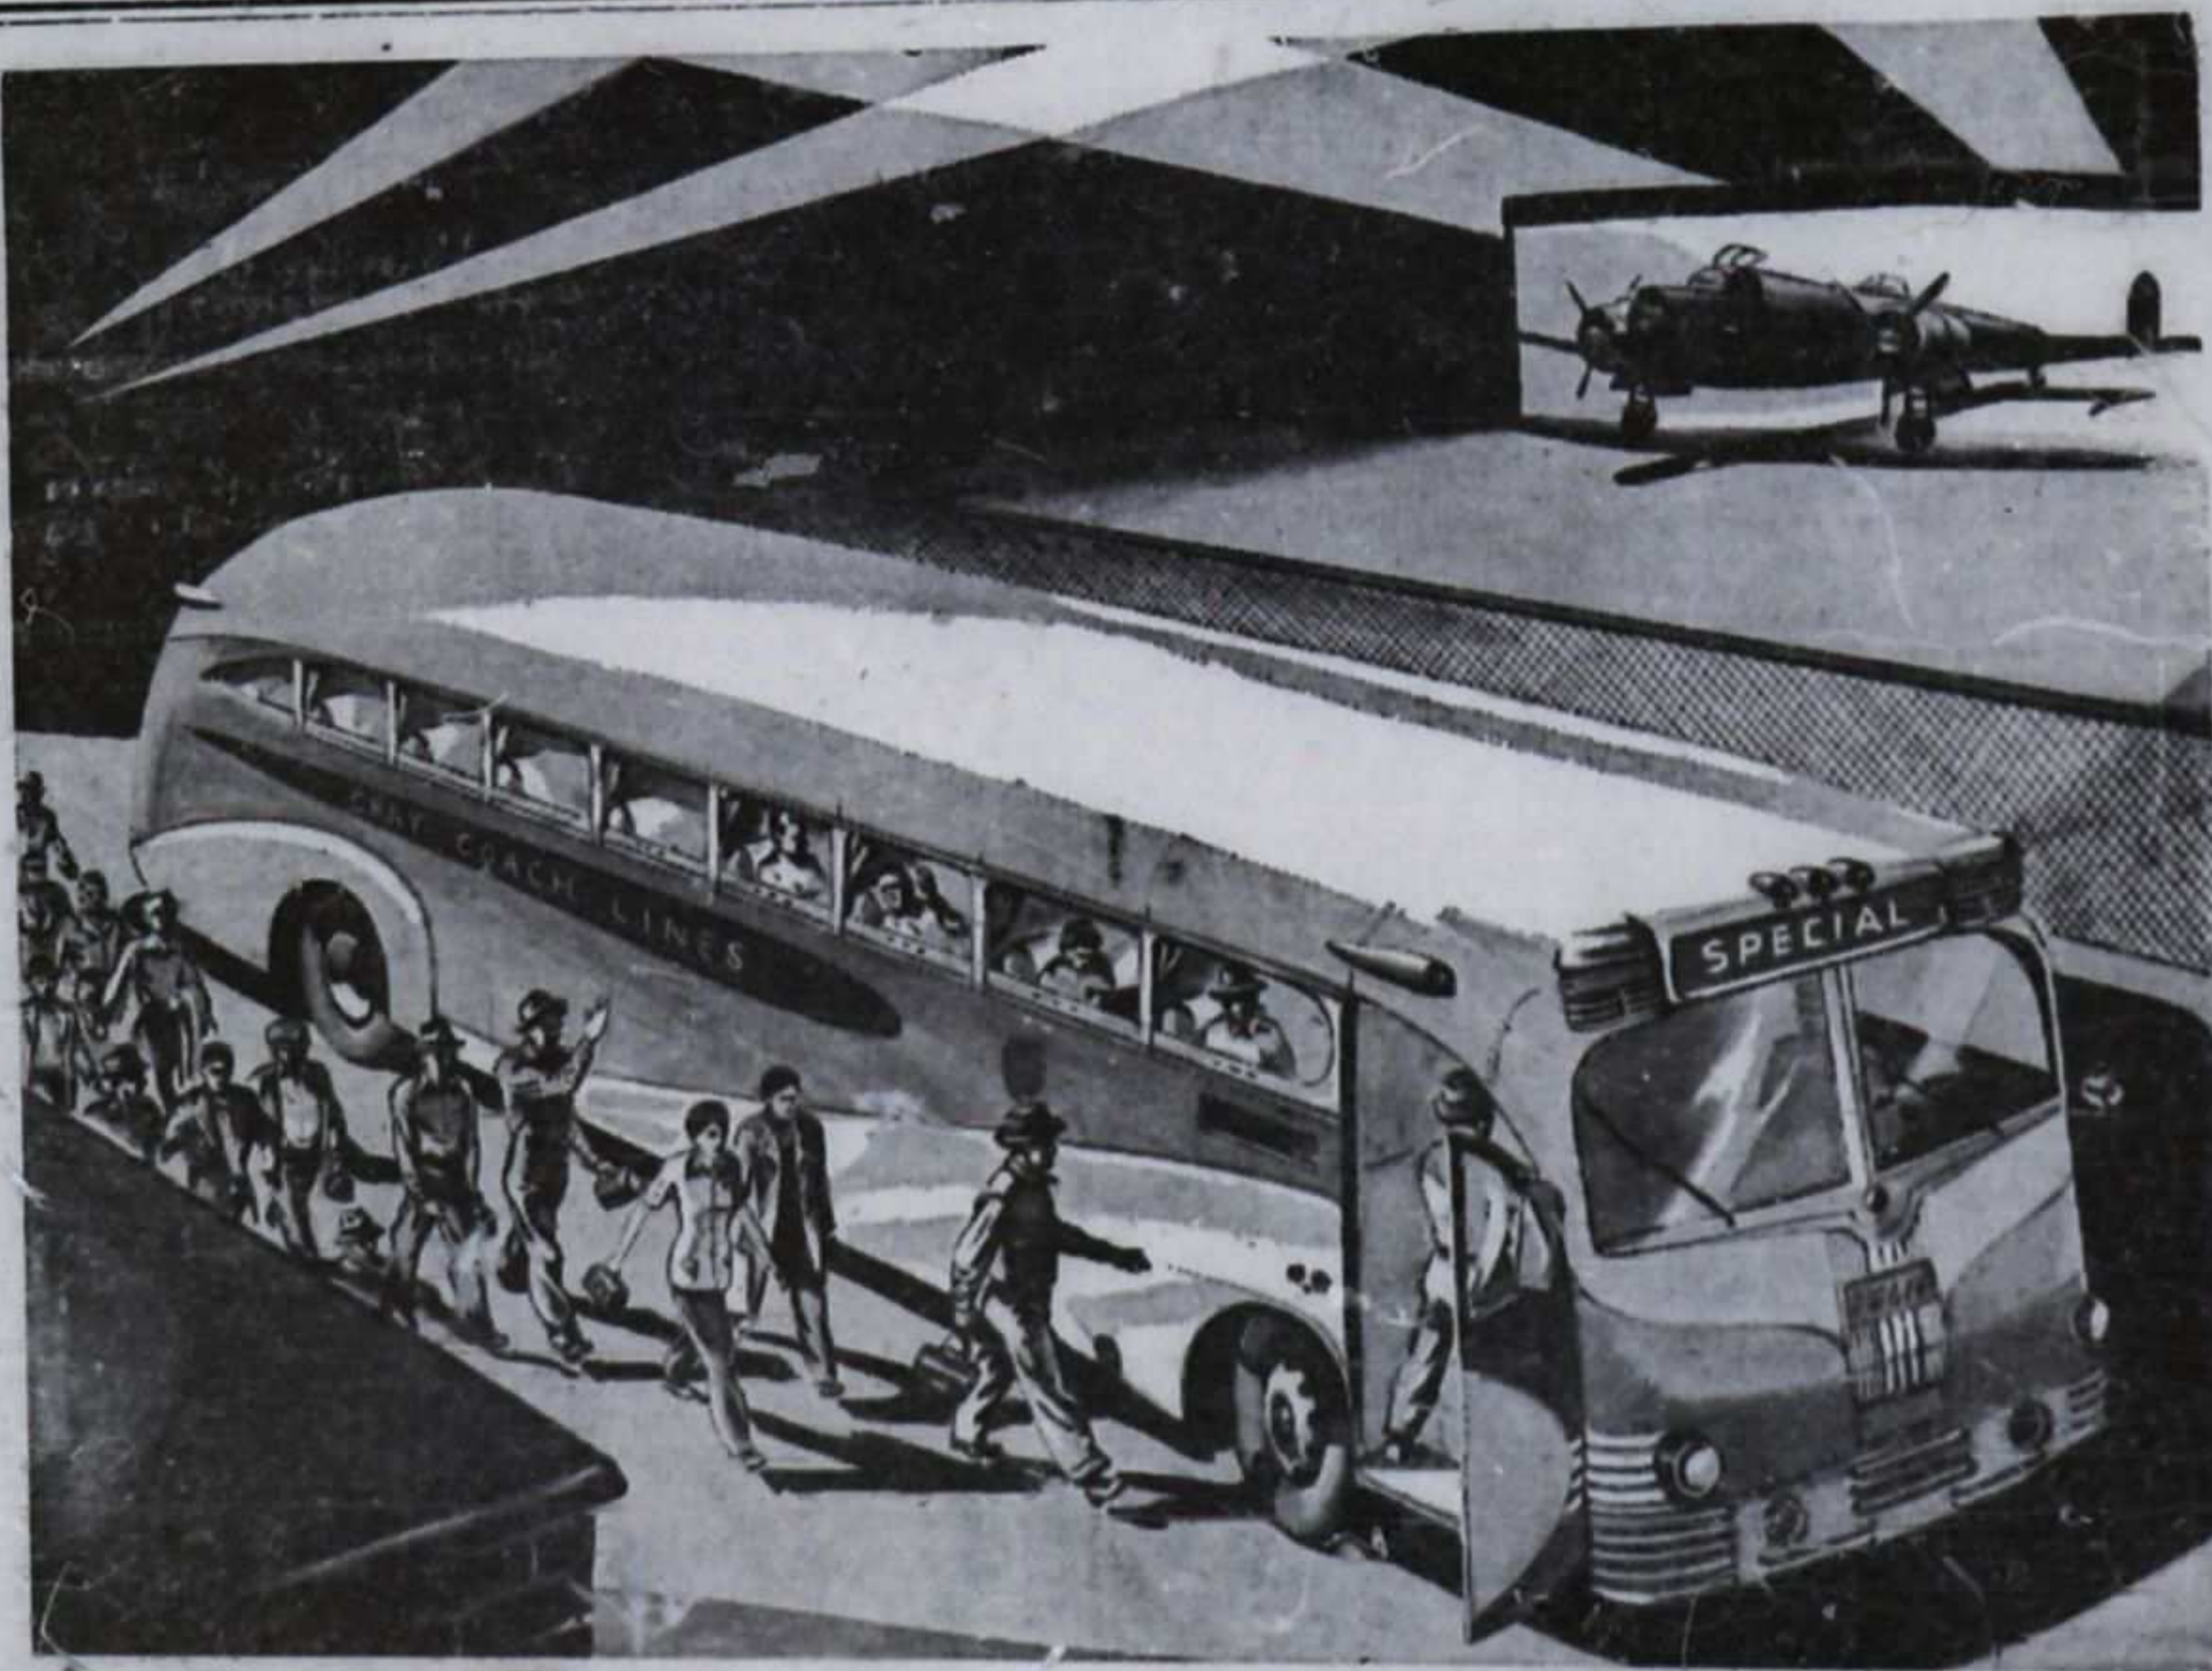

SULFORON is completely wettable—stays in suspension—penetrates the downy covering of young fruit and the underside of leaves — gets right down to the skin and acts QUICKLY. Controls mildew, scab, brown rot, rust and other fungoid diseases. Can be used as spray or dust. Ten pounds makes 100 gallons of effective spray. Your local dealer sells SULFORON in 6 lb. and 50 lb. bags.

CORPORATION OF Township of North Grimsby

CONSTRUCTION BY-LAW NUMBER 528

A By-law to authorize the construction of a six-inch water main upon Highway No. 8 extending from the Westerly limits of that part of Lot No. 18, concession No. 2 in the said Township of North Grimsby, owned by one William Mitchell, to the Westerly limit of Lot No. 23, owned by one Thomas W. Allan, which is a LOCAL IMPROVEMENT under the provisions of the Local Improvement Act.

WHEREAS, A. Mileski and others having petitioned the Council to construct as a local improvement the work hereinafter described in paragraph number one hereof, and the clerk having certified that the petition is sufficient and it is expedient to grant the prayer of the petitioners in the manner hereinafter provided:

AND WHEREAS, the plans, profiles and specifications of the said proposed work have been duly submitted to and approved by The Provincial Board of Health;

NOW THEREFORE the Municipal Council of the Township of North Grimsby enacts as follows:

1. That a six inch water main be constructed on Highway No. 8 from the westerly limit of that part of Lot No. 18, Concession No. 2 owned by one William Mitchell to the westerly side of Lot No. 23, Concession No. 2 owned by one Thomas W. Allan as a local improvement under the provisions of the Local Improvement Act.

2. That the Engineer of the said Corporation do forthwith make such plans, profiles and specifications as may be necessary for the making of a contract for the execution of the work.

3. That the work shall be carried on and executed under the superintendence and according to the directions and orders of the said Engineer.

4. The Reeve and Clerk are authorized to cause a contract for the construction of the work to be made and entered into by some person or persons, firm or corporation, subject to the approval of the Council to be declared by resolution.

5. That the Treasurer may (subject to the approval of the Council) agree with any Bank or person for temporary advance of money to meet the cost of the work pending the completion of it.

6. That the special assessment shall be paid by fifteen annual instalments.

7. That the Debentures to be issued for the loan to be effected to pay for the cost of the work when completed shall bear interest at not more than 4 per cent per annum and be made payable within fifteen years on the instalment plan.

8. That any person whose lot is specially assessed may commute for a payment in cash the special rates imposed thereon, by paying the portion of the cost of construction assessed upon such lot, without the interest, forthwith after the Special Assessment Roll has been certified by the clerk, and at any time thereafter by the payment of such sum as when invested at four per cent per annum will provide an annuity sufficient to pay the special rates for the unexpired portion of the term as they fall due.

And be it further enacted, that the whole cost of the said work shall be specially assessed against the land abutting directly on the work undertaken, according to the extent of their respective frontages thereon, and that the annual cost of maintaining and managing the work shall be assessed against and levied upon the said land in the said manner.

Enacted and passed the Thirtieth day of May, 1944.

Thos. W. Allan, C. W. Durham,
Clerk. Reeve.

Next meeting of West Lincoln Branch Canadian Legion will be held on Wednesday, June 7th. Watch for particulars.

Wallace Sherwood of Hamilton, who was killed in an automobile accident at Stoney Creek on Sunday morning, was a cousin of Chief of Police W. W. Turner.

Messrs. J. A. Jacklin, J. Henry Culp, Norman Harris and C. T. Farrell, attended the Ramesses Temple Shrine ceremonial, at the Royal York in Toronto on Thursday last.

Mr. and Mrs. Byles of Montreal have purchased the Morton home and two-and-one-half acres, on the lake shore next to Capt. Battersby, north of the Thirty. They have taken possession.

Owing to the acute labor shortage and other war conditions, Coles' Florists have found it necessary to close their greenhouses and sales room on Sundays. On and after June 4th the plant will be closed to the public.

Reports from Paton street, via the underground, state that "Red" Graham has already had a mess of green peas from his garden and that green corn on the cob will grace the dinner table this coming Sunday.

Earl Duffield, Kirkland Lake, former well known Grimsby Peach King hockey player and son of R. C. Duffield, Paton street, has enlisted in the army. He has one brother overseas and another brother in the Navy. The father is a four year veteran of the last war.

Orval Etherington, 16, of North Grimsby township, was badly shaken up and suffered head injury on Saturday evening when his motorcycle went out of control and overturned after rounding a curve on No. 8 highway near Grimsby Beach. Machine and rider landed in the middle of the road and narrowly escaped being struck by an approaching car. The injured youth was taken home after being given medical aid at the office of Dr. C. W. Elmore, in Beamsville. Provincial Constable Ernest Hart investigated.

The church has always been considered a sanctuary, but St. George's Church St. Catharines has proved to be more than that. Sunday morning, shortly after while Rev. Walter E. Bagnall was conducting a Communion service and prayers for the Humane Society, a two-year-old doe was seen grazing peacefully on the lawn of the church. When the service was over the deer was gone, but was found to have leaped two fences and continued its grazing in the garden of the rectory several blocks from the church. The doe eventually leaped two more fences and disappeared.

Grimsby Boy Is Awarded D.F.C.

Warrant Officer Roy Hurst, R.C. A.F., recently awarded the Distinguished Flying Cross, is a son of Harvey Hurst, of Grimsby.

He enlisted in 1940 for ground crew duties. In overseas shortly afterwards. In England, he was awarded a flight engineer's wing in August, 1942.

According to the last word received by his father, he has completed over two tours of operations, including eleven raids on Berlin and others on main enemy targets in Europe.

For a time he was in the same squadron as Flight-Lieut. Hugh J. Anderson, D.F.C., who arrived home on leave on Saturday.

COUNTY EQUALIZED ASSESSMENT

An attempt is to be made by Lincoln County to formulate some uniform method of assessing all municipalities, so that the county session of the county council it was agreed to invite assessors of all municipalities in the county to meet with a chairman, and vice-chairman of the county assessment committee, and the county clerk before methods of assessment and therefore to assist in a more just county equalization of assessment.

At the present time, the assessors in each of the 13 municipalities have their own ideas of valuation of property, so that in each case, the total assessment bears a different relation to the actual value of the municipality's property.

Council also agreed that in future, clerks of each municipality should submit certified statements of reasons for increases or decreases in totals of their local assessments when submitting summaries of their assessment rolls to the county.

The report of Chairman Ivan Buchanan, deputy-reeve of Grantham, was adopted setting the equalized assessment for 1944: (Last year's figures in brackets).

	General Purposes	School Purposes
Niagara Town	\$ 775,960 (\$ 774,060)	\$ 765,510 (\$ 767,600)
Merriton	1,923,560 (1,895,060)	2,121,730 (2,033,170)

CONTINUATIONS From Page One

A GREAT SHOWING shoes, certainly deserved the great rounds of applause which they received.

The big surprise package of the evening was the marvellous work of the bugle band, under the direction of Band Sgt. Wally Phipps. This man has worked wonders with this organization in the short space of six weeks. He has taken 30 green youngsters and moulded them into a smart unit. 20 buglers, six girls; 10 drummers, three girls, comprise the band and while they are not 100 per cent perfect yet, still they put on a wonderful show of bugling and drumming and counter marching. Sgt. Phipps is to be highly complimented upon the great work which he is accomplishing.

Target practice, First Aid, Signalling, Gas Training, Knots and Lashings, Map Reading etc. were exemplified by the cadets and girls and thoroughly appreciated by the spectators.

Col. Johnson in addressing the units said "when extended the invitation to come home and inspect this corps, I had no hesitancy in accepting, but I did not expect to see such a splendid Cadet Corps. It is beyond my realization let alone that of the citizens. Your steadfastness on parade, training in first aid and signalling and gas training has been a fine demonstration and shows that much time and effort has been put forth as well as keeping up your academic work. I see a lot of Corps and I know that by next year your inspection officer can send in an excellent report. To the citizens of Grimsby, from Mayor Johnson down, I bespeak that you stand behind your school principal in this work. We are suffering today because we went on for years without Cadet Corps and when the crisis came, we were unprepared. We are now defending this Niagara District, which has been fought over and fought for, for over 100 years, and we will continue to defend it and hold it. If some boys are taken into the service you will do as the High School boys of last war and this war have done. We have an excellent record in the Grimsby district.

Let us their "Little Giant" cheer leader, Irvine Levine, the corps gave three lusty cheers and a tiger for Col. Johnson and Col. Morrow.

At the fall of the inspection and review, Mounting of the Guard took place at the flag pole where a short Remembrance service was held. One minute's silence was observed for those who have "Gone West" and Rev. W. J. Watt gave a short prayer, after which the flag was lowered while Band Sgt. Phipps blew Retreat.

Processors of fruits and vegetables (the essential kind) are now being asked by National Selective Service to produce in maximum quantities this year with the indication that every effort will be made to see that labour is on hand when needed during the critical coming season; and this even while high priority industries are also looking for additional labor now.

Boy Scouts

When the assembly was sounded by Bugler Brian Tenney on Friday night, May 19th, thirty-six Scouts marched in the horseshoe led by their patrol leaders. This was parent's night for the scouts and a large number were already seated in the gym to watch a regular meeting in Scouting. A.A.S.M. Douglas Redford and Troop leader Ian Marr were in charge of the opening exercises and after the troop was properly arranged they sent a messenger to the scoutmaster and Assistant Scoutmaster advising them the troop was ready for the flag break. Scouts Donald Mogg and Ritchie Dousett carried the colours, Allan Balesley raised the flag. After inspection the S.M. J. Baker welcomed the visitors and gave a short history of Scouting. Steve Hooper our troop musician played two lovely piano solos which were appreciated by everyone.

Grimsby is very fortunate in having a committee who are willing to supervise and help in Scouting. V. Catton, W. Greig and M. Zimmerman have given a great deal of their time during the past winter months in helping us to carry on the work. Wm. Greig, a very enthusiastic lover of boys talked to the parents and boys on the importance of having a Scout Troop and Cub Pack in Grimsby. In his address he referred to the Scout convention held at Niagara Falls in March at which over three hundred leaders and group committee men met together to discuss better Scouting in the Niagara Peninsula. Mr. Greig pointed out that he received a great deal of help from this convention and he wished that every parent present could have been there to witness and hear these leaders discuss their problems.

During the patrol corners period the parents were asked to light the different patrols and wait them at work. Of interest to all was the first aid demonstration given by the Eagle patrol under the leadership of Leroy Zimmerman. The attend, Allen Scrivener, was well endowed from head to foot showing the proper application of bandages for injured head, arm and fractured leg. In order to get this injured Scout to the doctor the patrol made a stretcher using two staves and two coats, and with every care they carried their injured companion to an adjoining room. Yes he looked very comfortable and he left the hall and the parents cheered this patrol on their splendid demonstration.

Another interesting exhibit was the Scout Troop scrap book containing pictures of boys in camp and on hikes. This book has been decorated by our troop art Don Pettit. Yes he has drawn a number of descriptive scenes and pictures which makes this book a real record of Scouting in Grimsby.

At the closing fire twenty-one boys received the year stars, four boys received the second-class badges and three boys earned proficiency badge. The hon-

These days, when tea must yield the utmost in flavour, quality is of supreme importance. Ask for..

"SALADA" TEA

Our patrol flag was presented to the Eagle patrol who were the highest in points for the month. Leroy Zimmerman their patrol leader received the flag and proudly tied it to his staff. After the retiring of the colours and dismissal, the parents were served lunch by our troop cooks. Mr. H. V. Betzner speaking for the parents and friends thanked the leaders for their splendid work with the boys and also for the privilege of attending this parent's night Scout meeting.

Ceiling Price On Strawberries

The Prices Board announced on Tuesday that price ceilings have been established for Canadian-grown strawberries and raspberries at a level which is below maximum prices paid by consumers last year, but higher than 1942 prices.

It will be the first time these berries have been placed under a ceiling. Price schedules were not given.

The ceiling prices will apply from May 29 to Sept. 30, with seasonal reduction in strawberry prices to conform with the usual market drop when picking is at its peak. The order also applies to strawberries and raspberries imported from June 5 to Sept. 30, and puts them under the same ceiling as Canadian-grown berries in that period.

In the price schedules, Ontario

and Quebec are placed in Zone 1, Nova Scotia, New Brunswick and Prince Edward Island in Zone 2, and the rest of Canada in Zone 3.

Highest prices for strawberries prevail in Zone 1 and Zone 2 up to June 24 and in Zone 3 up to June 17. After those dates the price to the consumer is considerably reduced. Ceiling prices for raspberries remains the same for the whole season.
